Health Services and Improvements

- **Enhancing Services in the Regions**
 - \$301.5 million dollars flows directly to the regions through Community Contribution Agreements, Health Benefits, Health Actions, Project Board, Governance and Community Engagement.
 - **Regional Envelope development**

The Vancouver Coastal First Nations Regional Mental Wellness & Substance Use Specialist Services Community Assessment & Planning team has been approved for funding through Joint Project Board, and will see the addition of 5.2 FTE psychologists and a Clinical Planner to address mental wellness throughout the region.

Regional Priorities

Governance and Decision-Making

- Strategic activities related to developing governance and decision-making structures and processes, particularly related to Partnership Accord work and committees, such as the Aboriginal Health Operations Council and Aboriginal Health Steering Committee.

Mental Wellness and Substance Use

- Investments in the area of suicide prevention and response.

Health and Wellness Promotion

- Investments in health and wellness promotion programs, including chronic disease prevention and mental wellness programs.

Primary Health Care

- Investments in primary health care services throughout the region, particularly in urban areas.

Health Services and Improvements

- **Health Benefits**

- Medical Transportation Review
- Rate Increases
- Customer Service, Navigation and Communications
- A new approach to Pharmacy, Dental and MS & E
- Over the Counter Drug Abuse

WINTER WELLNESS CHALLENGE

FOR MORE INFORMATION, IDEAS FOR CHALLENGES, AND TO APPLY VISIT FNHA.CA OR EMAIL US AT ACTIVE@FNHA.CA

BE ACTIVE EAT HEALTHY NATURE SPIRIT RESPECT TOBACCO

THE FNHA IS SUPPORTING COMMUNITY-DRIVEN AND NATION-BASED INNOVATION IN HEALTH PROMOTION

WHAT Building on the success of Aboriginal Day of Wellness the FNHA is excited to offer various wellness grants to encourage the development of innovative, culturally grounded health promotion events and campaigns.

HOW Communities, organizations and agencies engaged in local health service delivery in BC First Nations and/or Aboriginal people may apply. Challenges will be based on the four wellness streams of Being Active, Healthy Eating, Nurturing Spirit, and Respecting Tobacco. The challenge can run over an extended period of time or be a single event.

WHEN Applications for grants will be accepted from **October 9 until October 21st of 2014**. Challenges must take place between **November 21 and December 21, 2014**.

Applications will be weighed against the following criteria.

- Challenges that focus on the FNHA Wellness Streams
- BC First Nations community based applications (single or multiple)
- Applications where collaboration or partnership with other First Nations communities is possible and demonstrated at the regional or sub-regional level
- Applications that leverage other health and community partners
- Fairness and equity within and across the regions
- Have organizations that can involve higher numbers of participants
- Past Day of Wellness grant recipients have submitted final reports for last year's grant.
