Sample Facebook Posts on Cultural Humility:

In July, 2015, all BC Health Authority CEO's signed the declaration to demonstrate their commitment to advancing cultural humility and cultural safety within health services. Read more here: <http://www.fnha.ca/wellness/cultural-humility>

Healthcare providers are not expected to be cultural experts for all First Nations and Aboriginal peoples, exercising humility is about being open to learning and comfortable starting with what we don't know. Read more here: <http://www.fnha.ca/wellness/cultural-humility>

First Nations people have a right to access a health care system that is free of racism and discrimination and to feel safe when accessing health care. Read more here: <http://www.fnha.ca/wellness/cultural-humility>

Cultural humility is a process of self-reflection to understand personal and systemic biases and to develop and maintain respectful processes and relationships based on mutual trust. Cultural humility involves humbly acknowledging oneself as a learner when it comes to understanding another's experience. Read more here: <http://www.fnha.ca/wellness/cultural-humility>

Cultural safety is an outcome based on respectful engagement that recognizes and strives to address power imbalances inherent in the healthcare system. It results in an environment free of racism and discrimination, where people feel safe when receiving health care. Read more here: <http://www.fnha.ca/wellness/cultural-humility>

When health care professionals engage with First Nations peoples from a place of cultural humility, they are helping to create a safer health care environment where individuals and families feel respected. First Nations peoples are therefore more likely to access care when they need it and access care that is appropriate to their wellness beliefs, goals and needs.
