Note: Changes from the previous Community Situation Report are in red.

Purpose

The purpose of this information note is to provide a weekly situational overview of the FNHA COVID-19 response activities that are being carried out by the Public Health Response Team and supporting executive leadership.

Background

On March 17, 2020, British Columbia’s (BC) Provincial Health Officer (PHO) declared a public health emergency under the Public Health Act in response to the COVID-19 pandemic. On March 18, 2020, BC’s Public Safety Minister also declared a provincial state of emergency, in an effort to allow the government to support the PHO and Ministry of Health in their response. The details on the Provincial and Public Health Emergencies/Orders related to the COVID-19 pandemic can be found at:

Provincial COVID-19 Cases – Update as of September 18, 2020 at 3:00pm

There have been a total of 7,842 confirmed cases in BC, and 223 deaths. Of these, 139 new cases and 3 deaths were reported on September 18. The regional breakdown, since the beginning of the pandemic, is as follows:

- Vancouver Coastal: 2,817
- Fraser: 4,007
- Vancouver Island: 196
- Interior: 492
- Northern: 244

As of September 18, there were 1,803 active cases in the province, 59 people were hospitalized and of those, 20 people were in ICU. There are 3,075 people under active public health monitoring due to an identified exposure. Of the total number of cases, 5,797 (73.9%) patients have fully recovered.

Active Outbreaks

- Long-term care/assisted living centres: 10 outbreaks
- Acute care units: 5 outbreaks
- Community outbreaks:
  - Squamish Nation: As of September 15, there were 5 active cases among Squamish Nation members living in the Vancouver Coastal region.
  - Tla’amin: As of September 15, there were 15 active cases in or near community in Tla’amin.
  - Nisga’a Nations: Update pending. Data still being processed.
First Nations COVID-19 Cases: The total number of First Nations COVID-19 lab confirmed cases was 313 and 135 active cases in BC as of September 15, 2020. Most of the lab confirmed cases of COVID-19 among First Nations in BC have now recovered. There have been a total of 38 (12.5%) First Nations people hospitalized due to COVID-19 since March 1, 2020.

Note: Analyses for In or Near Community only includes lab confirmed cases, 10 additional epi-linked cases, and 1 additional case tested outside of BC are included in the cases by Health Authority.

The majority (68.5%) of cases among First Nations have occurred in those under age 50.
The cumulative percent positive for all COVID-19 test completed for First Nations in BC was 2.56% as of September 15, 2020. The rate of positive cases was 200 per 100,000 people among First Nations. The rate of positive case among other residents of BC was 144 per 100,000 people. Until recently the rate for First Nations has been similar to other residents, this has only changed with the increase in cases in recent weeks.

Total tests completed:
- 12,447 in all BC
  - 2,038 in Fraser Salish
  - 2,133 in Interior
  - 2,401 on Vancouver Island
  - 2,864 in Northern
  - 3,033 in Vancouver Coastal

On First Nations reserves in provinces, as of September 18, 2020, ISC is aware of:
- 576 confirmed positive COVID-19
- 50 hospitalizations
- 480 recovered cases
- 10 deaths

Case numbers per region:
- British Columbia: 110
- Alberta: 251
- Saskatchewan: 95
- Manitoba: 8
- Ontario: 66
- Quebec: 46

First Nations Community Statistics from ISC (September 17, 2020):

State of Local Emergency Rescinded (0 update)

EOC Activations – 120 (0 update)
EOC Closed (0 update)

Community Closure – 113 (1 update)
- 539 Nuxalk Nation (f. Bella Coola)

Community Closure Over (0 update)

**FNHA Response:**

- FNHA is on Week 25 of Level 3 Emergency Response, which means that FNHA spends 80% on COVID-19 and 20% on FNHA operations.
- Compounding the COVID-19 response is the increase in overdose deaths and re-emergence of flooding and forest fires that are affecting our First Nations communities.
Working with Partners:
- FNHA continues to work with its partners, and First Nations communities to identify needs and develop plans at both the provincial, and regional level for the Rural, Remote and Indigenous Framework.
- FNHA is in discussions federally and provincially to support BC Restart including reopening of public buildings, and return to work and business operations for facilities.

Working with First Nations:
- Continues to maintain essential services to support First Nations communities during this pandemic.
- Supporting First Nations communities in refreshing their Pandemic Plans, and provide COVID-19 resources for medical transportation, isolation and quarantine.
- “First Nations Virtual Doctor of the Day” is up and running in all five regions, which is to close this gap by providing virtual access of physicians to First Nations communities.
- FNHA continues to maintain operations team availability to respond to Isolation requests through the weekends during business hours.
- Site selection, training and deployment of Point of Care Testing for COVID-19 is underway
- Supporting First Nations communities with the re-opening of their health centres.
- FNHA and First Nations Leadership calls on March 26, April 9, April 23, May 7, May 27 and June 4.
- FNHA and First Nations Health Directors calls on April 3, April 17, May 1, May 15 and May 29.
- FNHA and First Nations Leadership and Health Directors calls on June 18, July 9, July 16, July 23, July 30 and August 20 and September 17.

Personal Protective Equipment (PPE):
- Working with Federal and Provincial partners to obtain PPE for health care staff and first responders in all communities:
  - The 1st Provincial delivery of PPE was received on March 27 and was shipped to Regional Offices on March 28.
  - The 2nd Provincial delivery of PPE was received on April 3 and shipped out to Regional Offices for April 6th week delivery. The 3rd Provincial delivery of PPE was received April 7 and sent out to Regional Offices on April 8.
  - A Federal and 4th Provincial shipment of PPE arrived in Vancouver on April 15 and sent out to Regional Offices on April 20.
  - 5th PPE order from Province received week of April 20 and shipped to the Regional offices on April 27.
  - 6th PPE order from Province received April 29 will be repackaged and shipped to the Regional offices for Monday May 4.
  - 7th Provincial PPE ordered and arrived in Regions May 8 and 8th Provincial PPE ordered and arrived in Regions May 19.
  - 9th Provincial PPE ordered and was sent to Regions on May 26.
  - 10th order of PPE arrived May 27 and was sent to Regions during the week of June 1.
  - 11th order of PPE shipped directly from Provincial Health Services Authority to Regional offices of June 8.
  - 12th order of PPE ordered and shipped the week of June 15.
  - 13th order of PPE ordered and shipped the week of June 22-26 to the regions
  - June 29-July 3 – no shipments and inventory conducted in each region
  - 14th order of PPE has been ordered and shipped the week of July 6 – 10 to the regions
  - 15th order of PPE has been ordered and shipped the week July 13-17 to the regions
  - Weeks of July 20 to 31, the regions have sufficient stock for this week. PPE and Community Services COVID Supplies were shipped to Haida Gwaii.
  - Week of August 3 – 7 PPE was received from PHSA and sent to the Regions.
  - Week of August 17-21 PPE was sent to all Regions.
  - Week of August 24 – 28 PPE was sent to all Regions
  - Week of August 31 – September 4 PPE was sent to all Regions
  - Week of September 7 – 11 PPE was sent to all Regions.
  - Week of September 14 – 18 PPE was sent to all Regions.

Mental Health and Holistic Wellness

Executive Summary

The FNHA is committed to supporting the health and well-being of First Nations people in British Columbia during the COVID-19 pandemic. They have provided a range of resources and services to help individuals and communities stay healthy and safe, including homemade face masks, personal protective equipment, and virtual health services. The FNHA has also emphasized the importance of staying connected and practising kindness during challenging times. By working together, First Nations communities can reduce stigma and fear, and advance culturally safe health care for all.
