SHARED VALUES

Shared by the FNHA | FNHC | FNHDA

RESPECT

We believe that maintaining respectful relationships is fundamental to the achievement of our shared vision. Respectful relationships are built upon the recognition that we all have something to contribute as individuals, and participants in the First Nations Health Governance Structure. Therefore, we commit to treating each other with dignity and generosity, being responsive to one another, and acknowledging that each entity has their own respective processes and practices. We are also committed to respectful interactions with First Nations, tripartite partners, and other collaborators.

DISCIPLINE

We have the historic opportunity to achieve transformative change in First Nations health and wellness, and an obligation to make the most of this opportunity. This will require discipline amongst us, including through: loyalty to one another and our shared vision; upholding and supporting our roles, responsibilities, decisions, and processes; maintaining and nurturing unity and a united front; integrity and reliability in fulfilling our commitments and accountability to one another for these commitments and contributions; and, solutions-oriented active participation.

RELATIONSHIPS

We believe that effective working relationships with First Nations, tripartite partners, and with one another are the foundation for achieving our vision and implementing our health plans and agreements. We commit to fostering effective working relationships and camaraderie underpinned by trust, honesty, understanding, teamwork, and mutual support. We also acknowledge that humour and laughter are both good medicine, and a good way to build relationships.

CULTURE

We are here because of those that came before us, and to work on behalf of First Nations. We draw upon the diverse and unique cultures, ceremonies, customs, and teachings of First Nations for strength, wisdom, and guidance. We uphold traditional and holistic approaches to health and self-care and strive to achieve a balance in our mental, spiritual, emotional, and physical wellness.

EXCELLENCE

We are humbled and honoured to have been asked by First Nations to work on their behalf to improve health and wellness, and have a moral and personal responsibility to strive for excellence. Excellence means that our outcomes are sustainable, that our processes are professional and transparent, and that we commit to learn continuously – through capacity development opportunities, from each other and from new, different and innovative models worldwide.

FAIRNESS

We work to improve the health and wellness of all First Nations in BC. Our decision-making reflects the best interests of all First Nations, and leads to just and equitable treatment amongst all First Nations communities, First Nations organizations, and across all regions of British Columbia. We are committed to make room for everyone, and are inclusive in our communications, information-sharing, and discussions.
