- **Second Circle:** Wellness is balanced and nurtured together to create a holistic level of well-being: Emotional, Mental, Physical and Spiritual.

- **Fourth Circle:** The fourth circle depicts the people that surround us and the place/s where we come from: Nations, Family, Community, and Land, which are critical components of our healthy experience as human beings.
- **Fifth Circle:** Social, Cultural, Economic and Environmental elements in our lives are determinants of our health and well-being.
